INDEPENDENT AUDITOR'S REPORT

To the Members of Westend Seniors Activity Centre

Qualified Opinion

We have audited the financial statements of Westend Seniors Activity Centre (the Centre), which comprise the statement of financial position as at December 31, 2021, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Centre as at December 31, 2021, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Qualified Opinion

In common with many charitable organizations, the Centre derives revenue from various sources such as food and beverage, drop-in fees, fundraising, donations, special events and craft sales, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, verification of revenue from these sources was limited to the amounts recorded in the records of the Centre. Therefore, we were not able to determine whether any adjustments might be necessary to operations, assets or net assets.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Centre in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with those requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Centre's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Centre or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Centre's financial reporting process.

Independent Auditor's Report to the Members of Westend Seniors Activity Centre (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Centre's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Centre's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Centre to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1. NATURE OF OPERATIONS

The Westend Seniors Activity Centre is a charitable organization incorporated under the Societies Act (Alberta). The Centre provides programs for seniors 55 years and older. The primary objective of the Centre is to contribute to the healthy aging of seniors through the provision of programming, which includes fitness, education, arts, recreation and social activities as well as outreach support for seniors. The Centre is a registered charity under the Income Tax Act and as such, is exempt from income taxes.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

These financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations.

Cash

Cash is defined as cash on hand and cash on deposit, net of cheques issued and outstanding at the reporting dates.

Short-term investments

Short-term investments consist of redeemable term deposits and non-redeemable term deposits with maturity dates within twelve months.

Property

Property is recorded at cost. Amortization is provided on a straight line basis over the estimated useful lives of the assets at the following rates:

Leasehold improvements

25 years

Long-term investments

Long-term investments consist of non-redeemable term deposits with maturity dates greater than twelve months.

Contributed services

The Centre is largely dependent on donated services of its many volunteers. Due to the difficulty in determining the fair value of these contributed amounts, they have not been recognized in these financial statements.

(continues)

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue recognition

The Centre follows the deferral method of accounting for contributions. Contributions, including operating grants, are included in revenue in the year they are received or receivable, with the exception that contributions to fund a specific future period's expenses are included in revenue in that later period.

Casino revenue is recognized as the related expenses are incurred.

Revenue from food and beverage and craft sales are recognized at time of sale.

Revenue from registration fees, hall rentals, drop-in fees and special events are recognized as services are performed and collection is reasonably assured.

Membership fees are set annually by the Board and are recognized as revenue during the membership period to which they apply.

Allocation of revenue and expenses

The Centre incurs various general administrative and occupancy expenditures that are common to the operations of the Centre and each of its programming activities. Certain of these expenditures have been allocated to programming activities based on percentages of usage. Such allocations are reviewed annually.

Financial instruments

Financial instruments are recorded at fair value when acquired or issued. In subsequent periods, financial assets with actively traded markets are reported at fair value, with any unrealized gains and losses reported in income. All other financial instruments are reported at amortized cost and tested for impairment at each reporting date.

Use of estimates

The preparation of financial statements in conformity with Canadian accounting standards for not-forprofit organizations requires management to make estimates and assumptions that affect the amounts reported in the financial statements. Significant estimates include useful life of property, accrued liabilities and deferred contributions. By their nature, these estimates are subject to measurement uncertainty and actual results could differ.

3. RESTRICTED CASH

Restricted cash includes \$22,800 (2020--\$46,030) of casino funds which can only be used in accordance with the licensing agreement with the Alberta Gaming, Liquor and Cannabis Commission.

4. PROPERTY

4.	PROPERTY			Accumulated		2021 Net book		2020 Net book

9. INTERNALLY RESTRICTED

The Board of Directors has set up two internally restricted funds in order to secure the Centre's future financial stability. The purpose of the building fund is to provide for building renovations and improvements and replacement of the building. The purpose of the sustainability fund is to provide a provision to cover the future cost of ongoing expenses in the event of an unanticipated loss of funding, loss of revenue or extraordinary expenditures. The funds are held in a savings account, short-term and long-term investments and can only be used with Board approval. Interest earned on investments is added to the funds. In the current year, \$13,886 (2020--\$18,661) was earned on the fund. During the year, the Board made a motion to transfer \$67,716 (2020--\$68,000) to the building fund from unrestricted net assets.

		Opening balance	Tra	insfers	Interest earned	2021	2020
Building fund Sustainability	\$	454,815	\$0	67,716	\$ 6,809	\$ 529,340	\$ 454,815
fund	_	487,976		-	7,077	495,053	487,976
	\$	942,791	\$	67,716	\$ 13,886	\$ 1,024,393	\$ 942,791

10. LEASE COMMITMENTS

The Centre leases its premises, under an agreement with the Terra Losa Community Association, for \$1,200 per year plus operating costs. The lease commitment expires in 2028 with an option to renew for another 25 years. The lease payment for July 2020 - June 2021 was forgiven due to the pandemic.

The Centre also leases a photocopier under an agreement expiring June 2024. Annual lease payments are \$4,536.

11. EXTRAORDINARY EVENT

In March 2020, the Alberta Government declared a public health emergency due to the COVID-19 pandemic. In order to prevent the spread of the virus, public health orders required the Centre to close to the public for several months and reduced capacity upon reopening. Social distancing protocols required that numerous activities could not operate and class sizes were significantly reduced. The impact on the Centre's operations has been reduced revenue in the areas of registration fees, membership fee, special events, fundraising, drop-in-fees, hall rentals and food and beverage sales. The Centre has responded to the restrictions by offering online programming and prepared meals for pick up to the seniors.

The Centre has received the Canada Emergency Wage subsidy and the Canada Emergency Business Account loan provided by the Federal Government to assist organizations impacted by the pandemic.

They were also successful in receiving several COVID-19 response grants in order to expand their outreach program, meal program and offset the cost of social distancing measures within the Centre.

13. ENDOWMENT FUND

The Centre established a permanent endowment fund, which is held and administered by the Edmonton Community Foundation. The Centre is the specified recipient of the income earned on this fund, but has no access to the principal amount of the investment. As a result, the fund is not reported on the annual audited financial statements. The income received in the current year was \$1,226 (2020--\$1,222) and the balance of the fund is \$30,646 (2020--\$30,544).

14. FINANCIAL INSTRUMENTS

The Centre's financial instruments consist of cash, restricted cash, short-term investments, accounts receivable, long-term investments, accounts payable and accrued liabilities and long-term debt.

The Centre is exposed to the following risks through its financial instruments:

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Centre's main credit risk relates to accounts receivable. Accounts receivable are generally amounts due from government agencies. It is management's opinion that there is no significant credit risk as of December 31, 2021.

Liquidity risk

Liquidity risk arises from the possibility that the Centre might encounter difficulty in settling its debts or in meeting its obligations related to financial liabilities. It is management's opinion that the risk is reduced due to large cash balance on hand as of December 31, 2021.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Centre is exposed to interest rate risk arising on its interest bearing assets.

The Centre's cash, short-term investments and long-term investments include amounts held by financial institutions that earn interest at market rates. The Centre manages its risk by monitoring interest being earned on excess funds.
